

## Centers for Disease Control and Prevention

### FY2019 Grant Funding Profiles

#### What's New

The Centers for Disease Control and Prevention (CDC) updated the CDC Grant Funding Profiles for fiscal year 2019 (FY19) in the following ways:

- Added the FY19 funding data and profiles
- In addition to including the value of cooperative agreements for immunization programs, the data also includes the value of vaccines purchased and provided through the Vaccines for Children (VFC) program. VFC vaccine purchase amounts were provided in a separate report from FY14 to FY17, but the purchase amounts are now provided in the main data set and profiles.
- The funding categories and subcategories used in the profiles are specific to each fiscal year; therefore, the FY19 CDC Funding Profiles are based on [the FY19 CDC Operating Plan](#).
- All documentation for the profiles, such as "[About the Data](#)," has been updated as needed, based on the operating plan.
