What's New

The Centers for Disease Control and Prevention (CDC) updated the CDC Grant Funding Profiles for fiscal year 2022 (FY22) in the following ways:

- The FY22 funding data and profiles have been added
- Funding categories and subcategories are based primarily on CDC's and the Agency for Toxic Substances and Disease Registry's [FY22 Operating Plans](#). Additional funding categories and subcategories also were included to capture FY20 COVID-19 supplemental funding, whether directly appropriated to CDC or through funding transfers from the Department of Health and Human Services (HHS) and funds transferred from HHS for the Communities Support program. The data also includes funding provided through the American Rescue Plan Act of 2021 (Public Law No: 117-2).
- All documentation for the profiles, such as "[About the Data](#)," has been updated as needed.
