

FY2023

Centers for Disease Control and Prevention
Fiscal Year 2023 Grants Summary Profile Report for

New Mexico

This profile includes selected CDC grants and cooperative agreements provided to health departments, universities, and other public and private agencies in New Mexico. Refer to the "About the Data" section below for important qualifying statements about the data.

Table with 3 columns: CATEGORY, OBLIGATED AMOUNT, and PERCENTAGE. Lists various CDC grant categories and their corresponding amounts and percentages, ending with a Grand Total of \$128,449,197 (100.0%).

Table with 2 columns: CATEGORY & SUB-CATEGORY and OBLIGATED AMOUNT. Provides a detailed breakdown of the obligated amounts for the top categories, such as Agency for Toxic Substances and Disease Registry (\$547,083) and Public Health Social Services Emergency Fund (PHSSEF) (\$37,416,410).

FY2023

CATEGORY & SUB-CATEGORY

OBLIGATED AMOUNT

Health Promotion	\$292,311
Heart Disease & Stroke	\$173,650
Heart Disease and Stroke - PPHF	\$1,534,941
Nutrition, Physical Activity and Obesity	\$10,000
Oral Health	\$12,567
Prevention Research Centers	\$750,000
Racial and Ethnic Approach to Community Health (REACH)	\$1,955,119
Safe Motherhood/Infant Health	\$1,227,131
School Health	\$390,000
Tobacco	\$614,104
Tobacco - PPHF	\$1,169,885

Cross-Cutting Activities and Program Support \$10,544,693

American Rescue Plan Act (ARP)	\$3,695,388
Coronavirus Aid, Relief, and Economic Security Act	\$1,645,590
Coronavirus Preparedness and Response Supplemental	\$1,561,718
Preventive Health and Health Services Block Grant - PPHF	\$2,185,019
Public Health Infrastructure and Capacity	\$1,040,978
Public Health Infrastructure and Capacity (2 year)	\$416,000

Emerging and Zoonotic Infectious Diseases \$2,412,252

Advanced Molecular Detection (AMD)	\$12,125
Antibiotic Resistance Initiative	\$424,680
Emerging Infectious Diseases	\$27,250
Epi and Lab Capacity Program - PPHF	\$401,944
Food Safety	\$409,404
Healthcare Associated Infections (HAIs) - PPHF	\$1,128,036
Vector-borne Diseases	\$8,813

Environmental Health \$1,884,273

Asthma	\$575,000
Childhood Lead Poisoning	\$330,762
Environmental and Health Outcome Tracking Network	\$615,000
Environmental Health - PPHF	\$215,359
Environmental Health Activities	\$148,152

HIV/AIDS, Viral Hepatitis, STI and TB Prevention \$2,979,273

Domestic HIV/AIDS Prevention and Research	\$1,678,545
Infectious Disease and Opioids Epidemic	\$320,126
Sexually Transmitted Infections (STIs)	\$542,683
Tuberculosis (TB)	\$269,887
Viral Hepatitis	\$168,032

FY2023

CATEGORY & SUB-CATEGORY	OBLIGATED AMOUNT
Immunization and Respiratory Diseases	\$4,596,992
Immunization and Other Respiratory Diseases	\$3,938,177
Influenza/Influenza Planning and Response	\$658,815
Injury Prevention and Control	\$7,257,762
Drug Free Communities	\$1,050,000
Firearm Injury and Mortality Prevention Research	\$15,000
Injury Prevention Activities	\$35,000
Intentional Injury	\$458,723
NVDRS	\$255,091
Opioid Overdose Prevention and Surveillance (CAT B)	\$5,443,948
Occupational Safety and Health	\$1,481,660
Mining Research	\$1,418,810
Other Occupational Safety and Health Research	\$62,850
Public Health Preparedness and Response	\$6,958,927
Public Health Emergency Preparedness Cooperative Agreement	\$6,958,927
Public Health Scientific Services (PHSS)	\$375,666
Surveillance, Epidemiology, and Informatics	\$375,666

New Mexico

FY2023

Total: \$128,449,197

Line	Category	Sub-Category	Funding Opportunity Title	Grantee Name	Grantee City	Grantee County	Amount
109	Vaccines for Children	Vaccine Purchases		NEW MEXICO DEPARTMENT OF HEALTH	Santa Fe	Santa Fe	\$35,520,593
						Total	\$128,449,197

Centers for Disease Control and Prevention Fiscal Year 2023 Grants Detail Profile Report for New Mexico

FY2023

Data Included

- The grants and cooperative agreements data in this report include funding obligated and awarded (i.e., obligated funds) domestically to States, the District of Columbia (DC), U.S. Territories and Freely Associated States in fiscal year 2023 (FY23; 10/1/22 to 9/30/23) from CDC's domestic appropriations.
- In addition to including the value of cooperative agreements for immunization programs, the data also includes the value of vaccines purchased and provided through the Vaccines for Children program.
- The funding also includes transfers from the Department of Health and Human Services (HHS) from the Public Health and Social Services Emergency Fund (PHSSEF) for domestic COVID-19 and American Rescue Plan Act related purposes and funds transferred for the Drug Free Communities Support program.
- The data also includes funding provided directly to CDC through the American Rescue Plan Act of 2021 (Public Law No: 117-2).
- Because the data includes funds obligated in FY23, it may include funding authorized through legislation passed in previous years, but only the amount actually obligated in FY23.
- The funding data is categorized by CDC budget line (i.e., by the CDC appropriation account used to make the investment), primarily as shown in CDC's and the Agency for Toxic Substances and Disease Registry's (CDC/ATSDR's) [FY23 Operating Plans](#). Additional funding categories and subcategories were included related to HHS transfers.

Data Excluded

- This data does not include any CDC expenditures, such as contracts, personnel, direct assistance, or other CDC operational and administrative costs.
- The following grants and cooperative agreements data were outside the scope of this profile and were excluded: funding of International activities, Reimbursable Agreements (funds from other federal agencies to support their missions), Cooperative Research and Development Agreements, Royalties, User Fees and Intra-Departmental Delegation of Authority funds (e.g., fund transfers to CDC from HHS; as noted in the "Data Included" section, there were two exceptions: funding transferred from HHS to CDC for the COVID-19 response and the Drug Free Communities Support program were included), Gifts and Donations, Global Health funds, and Buildings and Facilities funds.

Therefore, the funding profiles data do not reflect CDC's total appropriations.

Data Sources

- Funding data is from the CDC Office of Financial Resources (for grants and cooperative agreement data) and the CDC National Center for Immunization and Respiratory Diseases (for Vaccines for Children vaccine purchase data)

Data Interpretation and Use

- These data are useful as a snapshot of CDC grant and cooperative agreement funding provided to grantees within states, DC, and U.S. territories and freely associated states by CDC budget line. However, caution should be used in interpreting variations across years or jurisdictions. Several reasons for variations are (1) the amounts, purpose, and focus of funding provided by Congress each year can vary, and (2) changes in national and/or CDC/ATSDR priorities and strategies due to factors such as urgent and emerging health threats and changes in population health status and needs. In terms of funding opportunities, (1) not all eligible entities apply for every program opportunity, (2) most federal funding is awarded via a competitive or merit-based process and not all eligible entities that apply are funded for every program, and (3) some funding is allocated according to a pre-set formula (such as per capita allocation or a need-based funding allocation), which is sometimes specified in law.
- Users of this site and data should be aware of various factors that make comparisons of data between jurisdictions and by per capita difficult to interpret and may lead to inaccurate conclusions in the absence of more in-depth study. Some of those factors include the following:
 - CDC has many different grant types with varying application eligibility and award criteria such as population disease burden, per capita formula-based, competitive based on proposal merit, non-competitive, etc.
 - Awards made to an entity will typically reflect the geographic location of the entity's official business or billing address such as a State capitol for a State government award. The awards therefore will not reflect the actual geographic application of the funds by the grantee in carrying out the purpose of the grant.
 - CDC makes awards to various national associations that carry out national public health programs that have nationwide impact; however, the awards will be reflected in the geographic jurisdiction of the association's main office.
 - In addition, there may be variation across years for where a program/activity resides in CDC's organizational and budget structure. Funding sources linked to a particular program/activity may also vary year-to-year. Therefore, it is possible for a multi-year project to fall into one category or sub-category one year and into another the next. In addition, funding categories may be added or deleted as CDC's budget changes year to year (e.g., funding categories are deleted because their shorter-term funding sources expire). This makes 1:1 comparisons of one year's set of projects to another year's set of projects under each category or sub-category a challenge.
